

As a resident of Norman, OK, I know first-hand the impact that K-Love radio has had on this community. The University of Oklahoma is located here and the positive, commercial-free music and outreach programs provided by K-Love are a vital and positive part of student lives. If K-Love were displaced by an LPFM broadcaster, the effect on Norman, OK would be significant. University years are a time of defining one's self and K-Love provides a unique opportunity to typical media influences. K-Love is the only station that plays commercial-free, family-safe music and offers many community services. The staff at K-Love is available 24 hours a day and put people in need in touch with the services/persons who can assist them regardless of time of day or extent of need. K-Love is valuable to my community and should not be replaced by an LPFM broadcaster. Thank you for your consideration.
